

Coulson Ice Blast Announces Partnership with Distributor Multico

Multico to operate Coulson Ice Blast machines in addition to distribution services

Arad, Romania, [April 25, 2017] Coulson Ice Blast is proud to announce a partnership with Multico, who will be our distributor for the territories of Romania, Serbia, Moldavia, Bulgaria, Austria, Slovakia, the Czech Republic and Hungary. Based in Romania, with five European locations and over 300 employees, Multico will not only distribute Coulson Ice Blast's IceStorm⁹⁰TM, but will operate their own fleet of machines, in addition to offering maintenance and repair services to our clients.

Multico was established in 1991. They have since grown into a diverse company, offering blasting and industrial cleaning as well as quality inspection services. They have extensive experience working in and around manufacturing processes, performing mold and industrial equipment cleaning, degreasing parts and components, as well as more general floor and building cleaning. As experts in the field, who will be using Coulson Ice Blast machines in a wide variety of applications, they can better advise clients and perform servicing.
